CHROMEBOOK INITIATIVE GOALS

The goal of Armenian Mesrobian School's chromebook initiative is to create a collaborative learning environment for all learners. This environment will enable and support students and teachers to implement transformative uses of technology while enhancing students' engagement with content and promoting the development of self-directed, responsible, lifelong learners and users. Students will transition from consumers of information to creative producers and owners of knowledge. Technology immersion does not diminish the vital role of the teacher. To the contrary, it transforms the teacher from a director of learning to a facilitator of learning.

DEVICE PURPOSE

Armenian Mesrobian School is requiring that all 6th-12th grade students purchase an approved Chromebook device. While this device is the personal property of the student's family, all students and families must abide by Mesrobian's administration protocols. The device's function will provide each student access to required educational materials needed for each student to be successful. The Chromebook allows student access to Google Apps for Education, educational web-based tools, as well as many other useful sites. The supplied device is an educational tool not intended for gaming, social networking, or high end computing.

By September 1, 2017, all Middle and High School students must bring their charged Chromebooks to school daily.

- If a student leaves their Chromebook at home, they will be allowed to phone their parent/guardian to bring it to school.
- If unable to contact parents, the student must use a replacement Chromebook from the school at a rate of \$15/day (First time will be free and documented). School Chromebooks must be returned daily.
- Chromebook chargers are also available at school to borrow and return daily (no fee).
- Students are liable up to \$250 for lost or damaged Chromebooks.
